breathtaking portraits captured in your home or on location

capture
special moments
like these in
your home

Baby Face photographers know that your home is the best place to take your family's portraits. We bring our studio to you to photograph your family where they are at their happiest and most comfortable.

Baby Face photographers have mastered the use of both studio and natural lighting. Whether it's a casual family session at the beach or park, or capturing a special moment in time, such as first birthday or a grandparent's session, Baby Face uses this talent along with artistic creativity and technical skill to create beautiful portaiture you will always treasure.

what to expect

one-hour session

\$50

Your photographer will arrive 45 minutes prior to your appointment. During this time they will be evaluating your home, looking for the most ideal location to photograph. Also, they will set up specialized studio equipment, complete with background, in a small area of your home. Portrait sessions usually take about an hour.

Upon completion of your portrait session, your photographer will show your images to you and discuss the variety of options and products for purchase. Please check the insert for package and product pricing. Once your images are selected, they will be uploaded to your own privacy-protected web page for you to share with family and friends!

how it works

- Sessions are booked by appointment only and must be made, at a minimum, 7 days in advance. While every effort will be made to accommodate your request, appointments are subject to availability.
- Appointments are available Wednesday thru Sunday from 8:00am to 6:00pm (excluding holidays) with the last appointment of the day being made at 5:00pm. Beach and park sessions are seasonal, please discuss while booking.
- After you select your images, those images will be posted to our password-protected website for sharing with family and friends within 24 hours.
- Portrait orders will be mailed within 72 hours of selection. Special order items such as large prints will be mailed within 5 business days.
- While we recognize that pets are members of the family too, special arrangement must be made in advance in order to include your pet in a session. As a standard, Baby Face photographers will only photograph well-behaved dogs and cats. All other types of pets, with advance notice, may be photographed at the discretion of Baby Face Portraits.
- Baby Face Portraits guarantee all products to be free of defects. If you are not happy with a product, please notify us for a replacement or refund.
- Due to the complexity of scheduling photographers for in-home sessions, 48-hour prior notice is required for cancellation of a session. With less than 48-hour notice of a cancellation a \$15.00 re-booking fee will be charged, payable at time of re-booking.

baby steps

portrait program

\$79⁹⁵

Save money — become a member!
